

CLI Peer Report for Penn State University, University Park

30 September, 2022

Based on the data provided for Penn State University, University Park:

- **Utilization:** Your center had contact with **8.8%** (**4126**) of enrolled students (**46930**)
- **Clinical Capacity:** You reported **720** hours of Clinical Capacity, which is equivalent to **30** Standardized Counselor(s).
- **Clinical Load Index:** Your center's CLI is **138**, which is lower than **19%** of schools in the distribution.
 - The 2021-2022 CLI distribution represents **626** centers ranging from **21** to **291**, with a mean of **106**.
 - A CLI score can be thought of as “clients per standardized counselor (per year)” or the “standardized caseload” for the counseling center. A low CLI reflects a low standardized caseload.
